Your portal to Dutch Cleantech Solutions

## About

Cleantech Holland wishes to make a valuable contribution towards the achievement of the national, European and international climate objectives. It will do so by

promoting the products and services of Dutch clean technology companies on the international markets.

Cleantech Holland is an export organisation of FME and platform for Dutch clean tech businesses, universities, governments, and nonprofit organisations.

## Mission

Our aim is to promote the use of Dutch products, services, systems and innovations in the following fields;

- Renewable Energy
- Energy Infrastructure
- Energy Efficiency
- Energy Storage

The world is our market and we actively promote our solutions worldwide. We are committed to advancing sustainable solutions for benefit of the economy and the environment.

## Partners and contacts

We have an extensive (international) network of reliable contacts and business partners. We work with several Cleantech Network organisations worldwide as well as utility companies, branch organization and local or regional governments. Cleantech Holland is also part of the FME Cluster Energy, that promotes innovation and cooperation in the chain. An overview of our business partners can be found on our website.

## News

We post news items about cleantech on our website like tenders as well as reports of our activities like

## “Cleantech Holland; to support and connect”.

matchmaking trips or international conferences and exhibitions. You can also find information about future events and activities organised by Cleantech Holland and/ or our partners.

## Company Profiles

On our website you can find an overview of Dutch companies and organisations that are active in the field of cleantech. You can search on specific industries like solar or wind.

### Events:

Cleantech Holland organises several trade -and innovation missions to help promote Dutch products, services, innovations and solutions worldwide. We are also known to organise several Holland Pavillions (Holland Energy Houses) at different tradeshow and exhibitions around the world. Furthermore we inform you about international markets and opportunities at different seminars, network events and information sessions as well as on our website. Last but not least we have several promotion tools we use around the world to inform the world about the Dutch ingenuity in the field of Cleantech:

“Global challenges, Dutch energy solutions”. On the Cleantech Holland website you can find the latest and up to date information about our events and activities as well as those organised by our partners:
